## Netball Post Mobile

Netball Post Mobile Systems. The mobile netball upright is made from special aluminium profiles. The post measures a diameter of 80 mm. The ring is manufactured from a 16-mm solid round and measures an inside diameter of 380 mm. The ring is separated from the post. Therefore, the height and the direction of the ring can be adjusted to the condition on site. The ring comes together with a 6 mm thick nylon net. The post is equipped with two non-marking 200 mm TPU wheels. The weight at the back of the post is 40 kg, to ensure the necessary stability.

100530: Height adjustable version. White Powder Coated

100531: Height adjustable version. Aluminium surface

100532: FIXED HEIGHT. White Powder Coated

100533: FIXED HEIGHT. Aluminium surface.

**100575: Padding for Netball Post**, PVC covered padding with foam core for netball posts. The padding has been specially designed so that it does not have to be loosened or removed. White colour.
