

## 40350 Elastic Soft Curbing

Sport fix soft curbs with rubber padding are used as boundaries for jumping pits and sand pits, and to define outside edge of a running track.

The sport fix soft curbs are made from fibre-reinforced concrete with a 60 mm wide and 30 mm high white rubber padding made from ethylene diene monomer (EPDM). This material is temperature resistant from -30° to + 100° C and extremely flexible.

Dimension: 1000 x 400 x 60 mm
