

40420 Aluminium Sand Trap

40430: ECO Version. No aluminium base plate at the bottom. (concrete base must be installed at the site). Aluminium sand traps prevent sportsmen from spreading sand into the running track, when they are leaving sand pits. Sand can cause damage to synthetic surfaces. Aluminium sand trap is made from special aluminium profiles. The trap also includes aluminium grates and honey rubber mat. Aluminium sand trap can be installed singly or as a double row. It measures a length of 1 m and a width of 50 cm.

40440: End cap for aluminium sand trap
