

## 2 - 6 Row Bleacher with Plastic Seat Low Backrest

Our multi-use aluminium spectator stand is manufactured in the standard version of 2, 3, 4, 5 and 6 row and different lengths. There is ample space for the spectators. The different levels also guarantee a good view of the events taking place. The complete construction of our versatile spectator stand is manufactured from aluminium. The seating area is supplied with low back rest plastic seat and the steps are made from special aluminium profiles and are additionally anodised and treated to be non-slip. The stand comes in kit form which can be assembled. The robust construction means not only that on-site assembly is quick, it also guarantees that the spectator stand is highly durable. The low back rest seats are available in different colours.
